

(Kelly...) Help Me Understand © BMI by Dennis J. Barela

Tell me that you don't want to see me no more
Tell me that you want me to walk out this door
Tell me just to go on home
I'll understand
Tell me that you want me to stay home weekends
Tell me that you want me to not call my friends
Let me know what I gotta do
To say I'm your man

(chorus)

Kelly help me understand
To see your point of view
You've changed the locks on every door
So what's this boy to do
With pain in my heart the arguments start once again
Kelly, help me understand

Kelly look at me when I'm talking to you
It doesn't have to hurt more than it should have to
Tell me now that you still care
For now I'll go away
All my clothes are out in the rain on the lawn
Landlord says tomorrow I've got to be gone
How long have you thought this out?
Let's do it another day (chorus)

Maybe I can be who you want me to be
I won't know what to do if you don't talk to me
Maybe you will change your mind
Or change reality
I'd say I'm sorry if *it* would make you smile, girl
I couldn't ask for anything more in this world
Maybe I will open my eyes
The dream will end and you could see (chorus)
